If these clients have already bought an e-book from you, ask for their opinion when it comes to price. Do this by creating a gross sales web page for the brand new ebook, but do not embody a value on that page. Instead, add a number of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to check out prices by making a number of duplicate sales pages with completely different prices on each page. Ensure that your gross sales copy is precisely the

identical on each web page, and contains your selling-handle sentence. Then figure out for each page the conversion ratio between visitors to your website and sales of your book. This may let you know what your optimum value is.
