If you wish to see large earnings over buyer draw, purpose for an audience that is in search of easy solutions to their issues at a low price. If your guide is geared toward solving one specific drawback fairly than general advice, then you may cost more. Start at the highest price the market will bear to herald the largest profits, and plan to discount the e-book a number of times all through the year.

Do that by making a gross sales page for the new e-book, but do not include a price on that page. As an alternative, add a lot of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to test out prices by making a variety of duplicate gross sales pages with completely different prices on each page. Be sure your gross sales copy is exactly the similar on

each web page, and consists of your selling-deal with sentence. Then figure out for each page the conversion ratio between guests to your site and sales of your book. This can tell you what your optimum worth is.
