An efficient technique for figuring out a price is to send out a survey to your current customers. If these prospects have already bought an ebook from you, ask for their opinion when it comes to price. Do that by creating a gross sales web page for the new ebook, but do not embody a value on that page. As a substitute, add numerous hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to check out costs by creating a number of duplicate sales pages with completely different prices on each page. Make certain your sales copy is precisely the same on each

page, and contains your promoting-deal with sentence. Then determine for every page the conversion ratio between visitors to your web site and gross sales of your book. It will tell you what your optimum value is.
