An efficient approach for figuring out a worth is to send out a survey to your present customers. If these customers have already bought an e-book from you, ask for his or her opinion in terms of

price. Do this by creating a gross sales page for the brand new e book, but do not embody a value on that page. Instead, add various links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to check out prices by making a variety of duplicate gross sales pages with completely different prices on each page. Make sure that your gross sales copy is exactly the same on every page, and consists of your selling-handle sentence. Then work out for each web page the conversion ratio between visitors to your website and sales of your book. It will let you know what your optimum price is.

Finally, for those who've written a ebook that solves a problem or presents a brand new technique, your ebook will herald each traffic and profits.
