An effective approach for figuring out a worth is to send out a survey to your present customers. If these customers have already purchased an e book from you, ask for their opinion when it comes to

price. Do this by creating a sales web page for the new book, but don't embody a worth on that page. As an alternative, add various hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to test out costs by creating a number of duplicate gross sales pages with different costs on every page. Be certain your gross sales copy is precisely the similar on every page, and includes your selling-deal with sentence. Then determine for each page the conversion ratio between visitors to your site and gross sales of your book. This can inform you what your optimum price is.
