Advertising and marketing Methods

The key that unlocks the sales potential of your book is to find a single sentence that turns into your promoting handle. This sentence states what question or downside your guide answers and the benefits your e-book can provide. Then remember to use that sentence in each piece of gross sales and promotional material, and every time anybody asks you about your ebook.

In addition to promoting your books assiduously online, there are several different methods that may make it easier to sell more books.

One is to offer something away free of charge with your e book, equivalent to a beneficial bonus item. Or bundle several ebooks under one price, which lowers the value for each e book if they had been bought separately.

An efficient method for figuring out a value is to send out a survey to your current customers. If these customers have already purchased an e-book from you, ask for their opinion when it comes to price. Do this by making a sales web page for the brand new e-book, but do not embrace a worth on that page. As an alternative, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to test out prices by creating a variety of duplicate gross sales pages with different prices on every page. Be certain that your gross sales copy is strictly the same on each

web page, and includes your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your website and sales of your book. This will tell you what your optimum value is.

Finally, when you've written a guide that solves a problem or presents a new technique, your guide will usher in each traffic and profits. So be sure to write that promoting-handle sentence that sums up what problem your book solves and what the benefits of your 2140 e-book can be to the customers who purchase it.
