Another strategy is to check out costs by creating a number of duplicate gross sales pages with totally different prices on every page. Be certain your gross sales copy is strictly the same on every page, and includes your promoting-handle sentence. Then determine for each page the conversion ratio between visitors to your website and gross sales of your book. This can let you know what your optimum value is.

Finally, should you've written a guide that solves a drawback or presents a new method, your ebook will herald both visitors and profits.
