An efficient approach for figuring out a price is to send out a survey to your current customers. If these clients have already bought an book from you, ask for their opinion in terms of price. Do that by making a sales page for the brand new book, but do not embrace a worth on that page. Instead, add a variety of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to test out prices by making a number of duplicate gross sales pages with totally different prices on each page. Make sure that your gross sales copy is exactly the same on each web page, and contains your selling-handle sentence. Then work out for every web page the conversion ratio between visitors to your web site and gross sales of your book. This may inform you what your optimum value is.

Ultimately, should you've written a e book that solves a downside or presents a brand new technique, your e book will bring in each traffic and profits.
