The key that unlocks the sales potential of your e book is to discover a single sentence that becomes your selling handle. This sentence states what question or downside your book solutions and the benefits your book can provide. Then be sure to use that sentence in each piece of sales and

promotional material, and each time anyone asks you about your ebook.

Moreover promoting your books assiduously online, there are a number of different strategies that can enable you to promote more books.

One is to offer something away for free with your e book, such as a useful bonus item. Or bundle a number of ebooks below one value, which lowers the worth for each e book if they have been offered separately.

An efficient technique for determining a worth is to ship out a survey to your current customers. If these prospects have already bought an e-book from you, ask for his or her opinion in terms of price. Do that by creating a sales web page for the new e-book, but do not include a price on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to test out prices by making a number of duplicate gross sales pages with completely different costs on every page. Ensure that your gross sales copy is exactly the same on each page, and consists of your selling-handle sentence. Then figure out for every web page the conversion ratio between guests to your web site and gross sales of your book. This can inform you what your optimum worth is.

In the end, in the event you've written a e book that solves a downside or presents a brand new approach, your book will herald both visitors and profits.
