Then be sure to use that sentence in each piece of sales and promotional material, and every time anybody asks you about your ebook.

In addition to promoting your books assiduously online, there are several other strategies that can make it easier to promote extra books.

One is to give something away free of charge along with your guide, reminiscent of a beneficial bonus item. Or bundle a number of ebooks underneath one price, which lowers the worth for every ebook if they have been bought separately.

An effective approach for figuring out a price is to ship out a survey to your present customers. If these clients have already purchased an ebook from you, ask for their opinion in terms of price. Do that by creating a sales page for the new guide, however do not include a worth on that page. Instead, add plenty of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to check out costs by creating a variety of duplicate gross sales pages with completely different prices on every page. Ensure your sales copy is strictly the identical on each

page, and contains your promoting-handle sentence. Then determine for every page the conversion ratio between guests to your website and sales of your book. This can inform you what your optimum price is.

Finally, for those who've written a e-book that solves a drawback or presents a brand new technique, your guide will bring in both traffic and profits. So be sure you write that selling-handle sentence that sums up what problem your e-book solves and what the advantages of your 49 e-book might be to the shoppers who buy it. After which watch your market come to you!
