An efficient approach for figuring out a value is to send out a survey to your present customers. If these prospects have already bought an e-book from you, ask for their opinion when it comes to price. Do that by making a gross sales web page for the new book, but do not include a price on that page. Instead, add numerous links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out prices by creating a variety of duplicate sales pages with totally different prices on each page. Make sure your sales copy is strictly the same on every page, and includes your selling-handle sentence. Then determine for each page the conversion ratio between visitors to your site and gross sales of your book. This may tell you what your optimum worth is.
