One other strategy is to test out prices by creating a number of duplicate gross sales pages with completely different costs on each page. Make sure your sales copy is exactly the similar on each

page, and contains your promoting-deal with sentence. Then determine for each web page the conversion ratio between visitors to your site and sales of your book. This will tell you what your optimum value is.

Ultimately, if you happen to've written a guide that solves a downside or presents a new approach, your book will bring in both traffic and profits.
