An effective method for figuring out a worth is to send out a survey to your current customers. If these prospects have already bought an e-book from you, ask for their opinion when it comes to price. Do that by creating a gross sales page for the new book, however don't include a value on that page. As a substitute, add quite a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to check out costs by creating a variety of duplicate sales pages with different costs on every page. Make certain your gross sales copy is strictly the similar on every web page, and contains your promoting-handle sentence. Then determine for each web page the conversion ratio between guests to your site and sales of your book. This can inform you what your optimum value is.

Ultimately, when you've written a guide that solves a problem or presents a new technique, your book will herald both visitors and profits. So remember to write that selling-deal with sentence that sums up what problem your guide solves and what the benefits of your 942 e-book will likely be to the shoppers who buy it.
